

## Declaration on Hazardous Substances

This document provides information on all hazardous substances that will be brought onto the RTA premises.

RTA, Rail Tec Arsenal Fahrzeugversuchsanlage GmbH, (hereinafter referred to as "RTA")  
 Paukerwerkstr. 3, A-1210 Wien (hereinafter referred to as "RTA premises")

RTA Customer:   
 (hereinafter referred to as "Customer")

### 1. Substances Brought onto the RTA Premises

All hazardous substances that the customer intends to bring onto the RTA premises for storage or use must be declared in advance. Hazardous substances are defined as substances classified according to Regulation (EC) No. 1272/2008 (CLP/GHS), i.e., substances labelled with hazard pictograms.

Substance (Name)	GHS 01	GHS 02	GHS 03	GHS 04	GHS 05	GHS 06	GHS 07	GHS 08	GHS 09	Quantity
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>
<input type="text"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>

**2. Period of Use and Storage**

The customer confirms that all hazardous substances brought onto the RTA premises will be removed after completion of the tests conducted by RTA, or at the latest upon removal of the test object from the premises.

Please note that any hazardous substances remaining on the RTA premises after completion of testing may be disposed of at the customer's expense.

**3. Provision of Safety Data Sheets**

The customer confirms that only the hazardous substances listed under Section 1 will be brought onto the RTA premises.	<input type="checkbox"/>
For all hazardous substances listed under Section 1, a current Safety Data Sheet (SDS) in German will be provided and submitted to the RTA Project Manager as an attachment to this document.	<input type="checkbox"/>

The storage or use of hazardous substances on the RTA premises is not permitted unless Safety Data Sheets in German have been provided.

**4. Hazardous Substances Emitted by the Test Object**

The test object may generate or emit hazardous substances (e.g., carbon monoxide).		<input type="checkbox"/>	
<i>If applicable:</i>			
Please indicate which hazardous substances may be emitted or generated by the test object:			
Carbon monoxide <input type="checkbox"/>	Nitrogen oxides <input type="checkbox"/>	Particulate matter <input type="checkbox"/>	Benzene <input type="checkbox"/>
Other:			
Is there a risk of the formation of explosive atmospheres (due to the release of fine dust, gases, vapours, or mists)?		<input type="checkbox"/>	
Origin of the emitted hazardous substances:			
Exhaust gases <input type="checkbox"/>	Other:		

## 5. Final Provisions

The completed Declaration on Hazardous Substances must be submitted by the Customer to the RTA Project Manager prior to delivery of the test object to the RTA premises.

By signing or submitting this document, the customer confirms that the present declaration on hazardous substances has been completed fully and truthfully.

Any changes to the information provided in this declaration must be reported in writing to the RTA Project Manager without delay.
